

Alpha MOS is pleased to announce that that it has been certified ISO 9001

Alpha MOS (Euronext Paris – Compartiment C – Code ISIN : FR0000062804 - ALM), is pleased to announce that we have been awarded ISO 9001:2015 certification, an internationally recognised standard that ensures our products and services meet the needs of our customers through an effective quality management system.

The certification includes all companies of the Alpha MOS Group (Toulouse), including the subsidiaries, Alpha MOS America (Maryland) and Alpha MOS Asia (Shanghai), The certification covers all business activities including product development, commercialization, manufacturing management, and sales of sensory analysis solutions.

Herve Martin, former CEO of Alpha MOS commented: "This ISO 9001:2015 certification results from the major organisational shift initiated in 2018, to build a leading global Sensory Analysis company."

ISO 9001:2015 is one of the most rigorous and well-regarded standards in the world. Alpha MOS was audited by Bureau Veritas Certification France, and presented the certificate in February 2020. Gaining ISO 9001:2015 reinforces Alpha MOS' relentless focus on creating leading edge instrumentation dedicated to sensory analysis in the food and beverage industries.

"I am very proud of the Alpha MOS team for this achievement. It is proof of the company's pledge to ensure the highest levels of quality and service to our clients. Maintaining an ISO 9001:2015 accreditation ensures we have the processes and systems in place for this" said Pierre Sbabo, CEO of Alpha MOS.

About Alpha MOS

Alpha MOS (Euronext Paris, ISIN: FR0000062804-ALM), specialized in sensory analysis instruments, is the worldwide leader of industrial devices for measuring smell, taste and visual aspect. Created in 1993, Alpha MOS is a global company based in France with subsidiaries in China and the United States. It has more than 1000 instruments installed worldwide, mainly in the food, beverage and packaging industries. Alpha MOS continually invests in research and development to meet market needs and innovates to develop the consumer sensory analysis markets.
